

Bobby Long New Student Council President

The Smile of the Victor — Photo by Bill Sanders

Bobby Long, Bobby Sumner, and Rollie Sumwalt have been elected as president, vice-president and treasurer respectively of next year's student council. The secretary will come from the rising sophomore class.

In Bobby Long's speech he leaned heavily on the need for a student voice in not only school issues but on all issues. He and his opponents Andy Douglas and Susan Okey all delivered talks of a serious nature.

Bobby not only asked the students to "Vote Long" but haunted them with the idea by using an 18 ft. long sign at the end of "D" hall. Bobby was Vice-President of the Student Council this year and hopes to carry on many of Karen Dunn's projects and ideas.

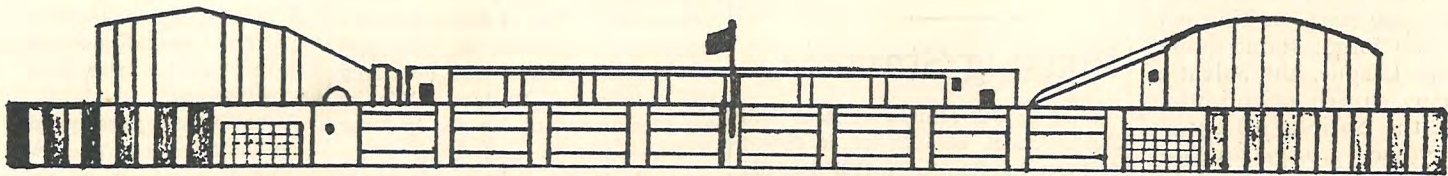

Bobby Sumner in his speech for the vice-presidency explained the difference in a boy and a girl. It was easily the funniest speech made and swept him into office on a tide of laughter.

For the office of Treasurer, Rollie Sumwalt ran a campaign which seemed to be symbolized by his sign, "Blow Your Mind, Vote Rollie" and the song "Tip Toe Though the Tulips"

The campaigning this year was the most extensive in recent years and helped the students know the candidates to a greater extent.

Karen Dunn presided at the assembly as one of her last official duties as President of the student council.

GARNET & BLACK

VOL. 21 NO. 8

ROCK HILL HIGH SCHOOL, ROCK HILL, SOUTH CAROLINA

MAY 24, 1968

42 Nurse's Aids To Graduate

Tomorrow forty-two girls will graduate as Nurses Aids and become the largest class in the history of York General to take the course. One boy, Phillip Baldwin will graduate as an orderly.

Since February they participated in hospital work to prepare for this award. They were required to work hour hours each Saturday morning from 7:00 to 11:00 followed by four hours of class room instruction. In the classes they were taught the fundamentals of nursing and hospital work. Donna Deel described it this way, "Our work gave me a greater realization of a nurse's duties and her value in hospital work."

Each is taught the procedures needed to comfort a patient, to correctly make a bed, or how to feed the sick. It is important to remember that a Nurse's Aid directly affects the sick and his care.

In addition to the classes each girl attends on Saturday she must also work one day during the week. They are graded in all areas of their work to determine whether graduation for each is in order. Concerning this, one girl said, "Grading is not real strict, but how many steps are there to giving a bed pan!"

The hospital proudly announces that this year's graduates include Phillip Baldwin, Brenda Barnette, Ruth Barnette, Debbie Boulware, Froanetta Buckson, Martha Campbell, Vickie Carter, Yvonne Cathcart, Cathy Caveny, Pam Chapman, Brenda Childers, Jean Couch, Vickie Daniels, Emilie Deaton, Donna Deel and Martha Dowling.

Also Carolyn Edwards, Glenda Elkins, Mary Featherstone, Beverlee Forrest, Marcy Friday, Myra Ganesello, Harriett Gilmore, Essie Gregory, Frances Hailey, Becky Herron, Anita Hinson, Pat Huffstetler, Becky Ingram, Jill Jollie, Susan Johnson, Jeannie Jameison, Mary Ann Martin, Linda Parrish, Elaine Peeler, Millie, Lynn Pope, Carla Sligh, Sherry Snipes, Susan Spitz, Margaret Walker, Gale Boyd.

1968-69 Cheerleaders L - R 1st Row: Kattie Ritter, Marcia Brandt, Lois Ann Bolin, Ann Crump — 2nd Row: Dianne Hix, Kathy Green, Lil Hinson, Karen Reed, Claudia Jenkins, Rene Miller.

"May I Have Your Attention, Please"

These familiar words which we hear three times a day will still be coming through loud and clear, but the voices won't be the same.

Mr. McCormick recently named five rising senior boys as announcers for next year. They are John Burwell, David Head, Irby Hipp, Bobby Long and Rollie Sumwalt.

John was chairman of the sound committee for the Junior Class Play. David plays drums for the Scribes. Irby is the newly elected Sports Editor of the **Garnet and Black**. Bobby, is the new president of the National Honor Society. He, Irby and Rollie were elected to Boys State.

New Cheerleaders Selected

The students of the rising Junior and Senior classes elected the varsity cheerleaders for 1968-69.

The following girls are the new cheerleaders: Marcia Brandt, Lois Ann Bolin, Ann Crump, Cathy Green, Lil Hinson, Renee Miller, Karen Reid, and Katie Ritter. Claudia Jenkins and Diana Hicks are the alternate cheerleaders.

The girls chose the captain and co-captain of the squad. Katie Ritter is the captain and Ann Crump is the co-captain.

During the week of July 28-

August 3, the cheerleaders are to attend cheerleader camp at St. Andrews College, Launenburg, North Carolina. Here the girls will learn new skits, pom-pom routines, cheers, and various other means of increasing school spirit.

Cheerleading is a vital part of the great school spirit of RHHS. These girls represent best the character, sportsmanship, and pride the student body has for their school. Whenever you see a RHHS cheerleader, you know that she will uphold the high standards of this school.

Salute to Our Retiring Teachers

Rock Hill High School, faculty and students, would like to pay tribute to Mrs. Catherine T. Moore, Miss Louise Goforth, and Mrs. Marion Kuykendal, as they leave us this year. Their presence will not be forgotten because of their many contributions, but rather remain as memories to our school.

Mrs. Moore, known to many as "Mama Moore", has been responsible for the bi-annual musical concerts and the provision of music on many occasions, such as Friday's alma mater in assembly.

Miss Goforth has given years of teaching and counseling to help us prepare for our futures.

Our beautiful art projects were completed because of Mrs. Kuykendal's work, time, and effort both in and out of the class room.

Rock Hill High says with pride that fond memories given to us by these three dedicated teachers will never die, but live with us forever.

John Little Recognized

John Little, Rock Hill High's Star Student, has won a four R. F. Poole alumnae Scholarship. The scholarship, which was awarded for academic excellence will be renewable.

A Senior Marshall, and member of National Honor Society and Beta Club, John plans to major in chemical engineering at Clemson.

Bo Rein Teaches

Standing behind the school desk our substitute teacher Mr. Bo Rein seemed a little out of character and out of uniform in our classroom. Normally his role is that of the third baseman for the Rock Hill Spinners. But these days he is a substitute teacher at RHHS.

Since graduating from Ohio State, where he majored in history, Mr. Rein played professional baseball for two years in the Ohio area before coming to Rock Hill.

Mr. Rein is presently playing regularly at third base and batting in the lead off position. His future plans, however, do not include baseball. At midseason Mr. Rein will leave Rock Hill to go to the Baltimore Colts Training Camp in hope of securing a position on the team. He said "I played split end in college and hope to get a chance there at the try-outs." He later mentioned, as if it were nothing, that he was selected for college honorable mention for football his senior year. He hopes to later go into coaching.

THE CROW'S NEST

By John Crow

Since summer is just about here most students are thinking about how to get a summer job. A summer job means money for college, money for dates next fall, money for an extra week at the beach in August, or perhaps enough to buy a used car to get around in. But suppose all of the lucrative good paying jobs are taken by the time you start looking? Well, try getting what's called a "learning job". For instance, say you want to be a lawyer; call up a local attorney and ask if you can work in his law office cleaning up trash, dusting books, etc. And ask to go with him when he tries cases in court. This way you can find out what a life of Law is really like and whether you would like it, but most important you can learn a great deal about the profession. The same true of a profession such as real estate. Get a job doing odd jobs in a firm that handles real estate and building transactions and learn all you can about the business.

Another avenue of jobs is social work. Of course there is no pay for this, or if any very little. But once you start working with the desperately poor people in our city you forget about money. Organizations such as the Junior Welfare League, the Salvation Army, The Worth Boys Camp, and many church organizations need volunteers. Dr. Allen Edwards of the Sociology Dept. of Winthrop College has contact with many such groups, and anyone interested should contact him.

But suppose you have definitely decided not to get a job this summer, to take it easy, and rest your brain for a while. Why not try a little adventure? Get fifty bucks, a driving companion, and a good Volkswagen (or some car that uses little gas) and start trekking across America. In a month you can go to California and back in good time. It'll be rough! you'll probably sleep under benches or in the car most of the time, and you'll probably have to work for some of your meals. Also it's blistering hot in Arizona in the summer and chillingly cold in northern New Mexico at the same time. But the freedom you get by leaving parents, rules, and boredom behind more than compensates.

See the latest of swim and sportswear for the beach trip

or your summer vacation.

Should girls at RHHS be allowed to wear pant-dresses to school? Lately a few girls have worn pant-dresses to school and most of them have been sent to the councilor's office. As long as these dresses are a reasonable length, girls should be allowed to wear them. When a girl's mother buys her daughter a dress she expects her to wear it. There are many advantages to wearing a pant-dress. Many girls drive to school and it makes it much easier to drive. It also makes it easier to get in and out of a car.

In the past year the school has changed many customs and rules. Why can't one more rule be changed and let girls wear pant-dresses to school?

A Sophomore Speaks Out

This has been one year that I know I will never forget. It was my first year at RHHS and it makes me realize that I will never want to say, "This is my last year at 'Dear Ole RHHS.'"

On the day of orientation, I had a funny feeling. It was a strange funny feeling, but now I know the meaning of it. It was the beginning of a whole new me.

RHHS has given me the chance to meet many smiling faces, to greet warm hellos, and most of all to make many new friends. Of course, it has broadened my field of learning.

RHHS has opened its doors to many opportunities. It has given me the chance to learn to lead as well as to follow.

RHHS has made me proud to be a member of its student body. How about you other sophomores?

Phasing Stays

Phasing will remain at Rock Hill High School because of a recent decision by the Rock Hill District Board of Trustees to accept the report of prominent educators. This group was headed by Dr. Charlie Williams, who is chief of research and planning for the State Department of Education.

This decision means that we the students at RHHS will have another chance to show the Board just how well the system works. We should all be thankful for this opportunity, since it looked for a while like we would be returning to the old system of education. This would have been a disaster for both the students and the people of Rock Hill because in the phasing system Rock Hill has a good workable system of education. This new system shouldn't and isn't going to be abandoned for the older system whose only virtue seemed to be that it had been used in the past. However, things are changing, because many of the nation's better schools are now switching to a system like ours where students are grouped, and then allowed to progress at their own level. Rock Hill can not afford to lose this chance to provide quality education for all of the students of this area. What was good enough for our grandfather is not good enough for us today!

Nixon For President

Richard Nixon is a man who is surrounded by a number of ideas and notions. From discussing his candidacy with many RHHS students and others as well, I have discovered that a great number of people have little knowledge of what Nixon actually believes, and that many of the ideas commonly held about Nixon are partially or totally inaccurate.

First, it has been said that Nixon is an unfriendly person. Actually, this mistaken opinion can be attributed to the fact that he is basically a shy person, and serious by nature. He is reported, by those who see him frequently to be friendly with a wonderful sense of humor.

Many people think of Nixon as an ultra-conservative who is unsympathetic to the supporters of civil rights. Civil rights means, literally, "the rights of the citizens." Nixon with his strong moral convictions, cannot think of denying to any American, regardless of race and religion, the rights that go along with citizenship. In fact, while he was Vice-President, he was in favor of legislation to curb segregation, especially in the field of education. However, Nixon is convinced that discrimination cannot be lessened simply by passing new laws, but that the decision must be a moral one, within the heart of the individual. And he believes that the best place to start is with the nation's young people, for he feels that today's youth are the most open-minded and unprejudiced generation in history.

Contrary to the idea that Nixon is a "war-hawk", Nixon himself has stated that peace can best be maintained through cultural exchange and people-to-people programs, rather than just by creating new military power.

Finally, Nixon is a conservative in regard to finances. While he believes that the government should live within its means, he also definitely feels the government's responsibility to aid and create opportunities for the elderly, disabled, and unemployed.

These qualifications, plus Nixon's wide experience in politics on all levels, leads me to believe that he is the best qualified candidate in the 1968 Presidential race.

Why Dream

Don't think of the past and things you've done;
Don't dream of the future and things to come.
The things in the past can't be changed,
What's done is done, you can't rearrange.
Why dream of the life you'll someday possess
Today may be your last so give it your best.
While dreaming is good and remembering sweet,
The present is now here for you to meet.

By: Jeannie Smith

Rising Junior's Opinion

"Great" is the first word that comes to most rising juniors. We shall have the privilege of looking down on our under classmen, and the privilege of walking out of assembly with our heads raised high while sophomores sit and fuss. The Junior year at high school is an exciting year. There is always the junior class play, Junior-Senior, and of course class rings.

Yet some rising juniors take it very calmly. Just another year coming up to try and pass. Nothing to look forward to just the same old grind.

We can say most of our rising juniors are excited and welcoming their junior year at RHHS.

The Associate Editor

I have come to know some very wonderful handicapped people and I would like to write about handicapped people.

Some handicapped people aren't born handicapped. They were born as normal as you or me but through disease or accident they have become physically impaired. Some lose one of their five senses, some have lost other abilities.

No matter what handicap they have, they are still human and should be treated as such. Handicapped people can be the best friends you ever had. They are as smart as a normal person and they are independent. They have a strong will to make something of themselves and don't stop at just anything.

Handicapped people have trouble finding jobs because the employers don't have enough faith in them. The employers don't understand them and won't give them the chance they need to prove themselves. The company insurance rates are higher for handicapped people because they think they are more accident prone, but it has been proven otherwise.

I have acquired all this material through personal experience. A very close relative of mine is handicapped. She couldn't find a job for a while. After searching she found a job and has proven herself a better worker than most normal people.

Jennie Dixon

Ring Day

On Wednesday morning, May 15, 1968, after long waiting, anxious anticipation and unsuccessful pleading, the rising Senior Class of Rock Hill finally got their class rings! The 498 rings varied in size from five to thirteen, and in style from miniature to jumbo, but no matter what the shape, they all mean the same thing—that the proud wearer is a member of the great Senior Class of '69.

It'll take a lot of wax to fill all those, girls!

BEATS ME!

by Joyce Hegwood

It's almost over. In just 236 hours school will be out, and most of us will be headed for the sandy shores of the Grand Strand.

While we're already on the subject of beach, didn't you think Junior-Senior was just great? The theme was "Gone But Not Forgotten." We worked so very hard to make everything just right. And I think we succeeded.

The decorations were gorgeous. The surfer was drawn and painted by Gail Clarkson. Charlotte Quinn did an excellent job on the two go-go girls in the cage above the bandstand. Marie Gross did the psychedelic painting of "Jr.-Sr. '68" in The Pad. The Barrel was made by Marcia Brandt's committee, and the Ferris Wheel was made by Tommy Boger's committee.

Everyone who drew, hammered, painted, stuffed, or served deserves recognition. We appreciate all the time that Mrs. McCleave and Mrs. DuBard spent helping us. And we certainly could not have done it without Katie.

This is addressed to the rising Juniors: It's going to be hard to

top this year's Junior-Senior, but we're expecting another great one next year.

One of our teachers was telling her English class about a new student. She said, "Girls, there's a new boy I want you to meet."

Athletic type: "What can he do?"
Literary type: "What does he read?"

Any type: "How much money does he make?"

RHHS type: "Where is he?"

I wonder what would happen if: boys wore pink gym suits
certain boys would make up their minds

people stayed in their right home-rooms

our annuals had been sent to the wrong school..

Closing thought: If you're not with the one you love, love the one you're with (so says Donna Deel).

Group 'A Go-Go

Mr. Burleson has told Karen Dunn that if she needs him he'll be "sitting on the dock of the bay."

RHHS is now a school of popular music. Mr. Nicosia was reported to have run out of the band office crying for "Dr. John."

The professionals have taken over the school. Here is a list of a few students who have joined famous singing groups:

The Young Rascals have added David Angel, Punchy Mills, Rick Torrence, and Mr. Harris's 5th period algebra class.

The Tijuana Brass now includes the Crazy 5½ and Debra Elmore as Herb Albert's special protege.

The psychology classes have all joined **The Fifth Dimension**.

The Byrds' new members are George Hearn, Kathy Dove, Ricky Starling, Carol Finch, Jon Crow, and Gail Lark.

The entire tract team now sings with **The Light Fantastics**.

Playing with **The Royal Guardsmen** are Andy Scott, Charlie Knox, David Parker, Mike Randall, and Rollie Sumwalt.

What's In Your Horoscope?

Capricorn (Dec. 21-Jan. 19) You will receive a "chain" letter next week demanding that you send out 6,783 copies to your close friends-don't open your mail.

Aquarius (Jan. 20-Feb. 18) Forget that special person this week and try for another-you couldn't do any worse.

Pisces (Feb. 19-March 20) Don't study for any tests next week. The stars will carry you through the doors of another school.

Aries (March 21-April 20) Your life will be threatened several times next week. Do not let knives and guns worry you-just watch yourself at lunch.

Taurus (April 21-May 20) Visions of a four-eyes, twelve-legged octopus will follow you constantly. Have no fear-Ultra Man is here!

Gemini (May 21-June) Don't watch too much television-the radiation may kill you.

Cancer (June 21-July 20) Try to act calm when you get a big surprise concerning graduation.

Leo (July 21-Aug. 21) Watch out for time-bomb devices in your Shrimp Creole.

Virgo (Aug. 22-Sept. 22) Your future is so hopeless, give up while you are ahead.

Libra (Sept. 23-Oct. 22) You will have a good week. Well, maybe not a good week, but a fair week; that is, if you don't ever get out of bed.

Scorpio (Oct. 23-Nov. 22) Do not eat any exotic foods next weeks. Stick to the safe sandwich of peanut butter, cucumbers, anti-chokes, sardines, and bananas.

Sagittarius (Nov. 23-Dec. 20) Something good will happen to you next week on Cherry Road, but beware of your enemies!

(Copied in part from the **Credo**, Pater-Gaud School, Albemarle Point, Charleston, S. C., January 1968)

The Spirit Speaks

I am the spirit of Rock Hill High School. I have been here for many years and have watched many students come and go. As usual, I am getting sorta' misty-eyed because it is the end of the year and the students will be leaving soon.

Toward the close of school I like to turn back the pages in my memory book. It seems only a short time ago the suntanned students were returning to school in the warm September sun. There was endless chatter about the swingin' times at the beach and all the other happy summer experiences.

Autumn brought its brightly-colored leaves and football season. The cheers of the student body and the cheerleaders echoed in my auditorium. Bundled up in coats, gloves, and blankets the students chanted the mighty Bearcats on to victory.

Before I knew it Christmas vacation had come and gone. Basketball season drifted into baseball practices. With the first blooms of spring the track, golf, and tennis participants blossomed forth. An epidemic of spring fever shot through the school.

With excited anticipation the upperclassmen awaited Junior-Senior. The beautiful array of colors, the decorations, and the sound of the band combined to make it a night to remember.

The remainder of school will speed by, and soon some of the students will walk down my halls for the last time. Each one will take with him a part of me. The rest of the students will come back after the summer vacation bringing their happy smiles and glowing faces.

Who Is Bearcat Baby?

Our cute little Bearcat Baby for this issue is a Senior boy at RHHS. When he was born, he weighed 9 lbs. and 5 ounces and was 23 inches long, but this baby has grown into a handsome boy. Our baby Bearcat has not always lived in Rock Hill. He lived in Canada and went to school in Edmonton, Alberta until 1958 when he moved to Rock Hill. In the grammar school he attended in Canada, our little Bearcat wore gray flannel trousers and white shirts. Don't you know he was cute! As he grew older he joined the Cub Scouts and later the Boy Scouts at Oakland Presbyterian church. One of his favorite past time is fishing which he would rather do than eat. He is also an avid baseball and basketball fan. This Baby Bearcat is great in the field of dramatics. His acting career began when he played an Indian chief. He is now member of the Thespians and he played a leading role in the Junior Class Play. He has also participated in a number of plays at Winthrop and has also played a part in number of Shakespearean plays. He is also in the English "R" Club.

What are his ambitions? After graduating, he plans to attend the University of S. C., where he plans to study in the field of communication. Someday he hopes to become a radio or television announcer.

Only two more hints. He was chosen the "most talented" by Senior Class. One big hint, he has a great personality and winning ways. Do you know him now?

The Baby Bearcat in the last issue of the G&B was Graham Sturgis. Were you right?

Bearcat of the Year — Jimmy Laughridge

Laughridge Names Top Cat

The coaching staff of RHHS has selected Jimmy Laughridge as Bearcat of the Year for 1968. Coach Tommy Oates said of Jimmy, "He had the responsibility of being the quarterback on the football team and has pitched the baseball team to the state finals."

Jimmy lettered three years in both football and baseball in his high school career.

In two years as starting quarterback, he led the fighting Bearcats to an 18-2-1 record. His senior year was a rewarding one as he scored 10 touchdowns enroute to the 9-1-1 record that was good enough for runner-up in S. C.'s AAA football. Two of Jimmy's TD's were punt returns—one a 73 yarder in the big win against Lancaster. Jimmy's year was highlighted by an

invitation to the Shrine Bowl where he was starting safety on the Palmetto State's team.

Jimmy has compiled an 8-1 pitching record and a .321 batting average on the baseball team. He recently won both games of the Upper State Championship series with Greenwood and started the first game of the State final playoffs with Brookland-Cayce.

Jimmy plans to attend Western Carolina College after graduation.

THE BEARCAT DEN

by Irby Hipp

The roar of next year's Bearcat will be heard from The Bearcat Den. I would like to thank the staff members of the Garnet and Black for electing me sports editor for next year, and I would also like to thank Jerry Hallman, graduating sports editor, for his help.

In Jerry's last column he reviewed some highlights of sports during his career on the sports staff. I would like to review some of the years biggest thrills and greatest disappointments in anticipation of what is to come next year in Bearcat country.

The fighting Bearcat football team started off the year with a big win over Airport. Ray Wilson showed signs of what was to come as he was the workhorse of the 'Cat backfield. This year saw Ray become the first Bearcat ever to rush for more than 1,000 yds. in a season. The next two weeks were disappointments as the 'Cats were shut out by Gaffney 19-0 and tied by Camden 0-0. The high point of the season came in the beginning of an eight game winning streak when the Bearcats routed arch rival Lancaster in revenge of 1966's 7-6 loss. The 'Cats once again brought home state runnerup honors.

The Bearcat basketball team had several highlights, but none could make up for the disappointing loss to Dorman in the regional tournament. A win over Dorman would have placed the team in the state tournament for a third straight year. Victories over Anderson and East Mecklenburg were the high spots of the season. Next year's team appears to be stronger as only one player was lost. New coach, Reggie Christopher, may have a state champion his first season.

'Cats Take Upper State Championship

The Rock Hill Bearcat baseball team clinched the South Carolina State AAA baseball championship by defeating the Greenwood Emeralds two to one in a best of three series.

The 'Cats were led on the mound by Jimmy Laughridge, who pitched both wins in the playoff series. The low scoring series was highlighted by good pitching and a leaky defense on both sides.

The Bearcats took the opening games in Greenwood by the score of 2-0 behind the one-hit pitching of Laughridge. This was the first defeat for Emerald's lefty Steve Harbin, who entered the game with a 9-0 record as he started 14 of the Emerald's 17 regular season games. Jack McGill collected both Bearcat RBI's.

The Emeralds evened the series at 1-1 by defeating the Bearcats 1-0 at Municipal Stadium behind Steve Hardin as the 'Cats committed six errors.

The rubber game of the series was played on Rock Hill on May 10. Laughridge once again pitched the Bearcats to a win, 4-2, as he allowed the Emeralds only three hits. This win marked the second consecutive Upper State championship under Coach Paul Love.

The spring was highlighted by the baseball team which became the only team to ever win two consecutive upper state championships. The team lost to Brookland-Cayce 2-0 in the state finals. Steve Williams' .384 batting average attracted pro scouts hunting for a good third baseman. Lone disappointments were losses to Hartsville and York in non-league games.

Tennis was in the news as the Richardson brothers led the team and the girls fielded their first team. Golf had its disappointments, too. After a 15-6 season the team failed to qualify for the state tournament. The track team was high-record. The team though was able to win only two dual meets.

The Bearcats have more than just a good record. They have the finest spirit of any high school anywhere. Remember the pep rallies before the Lancaster football game and the Spartanburg basketball game? The Bearcat spirit is what makes Rock Hill High great.

What will next year bring? More victories — definitely. Disappointments — likely. Bearcat spirit — always.

Bearcat Sports Quiz

Well, here I am again, your Bearcat Sports Quizmaster. I'm checking your sports knowledge and your sports reading habits for the second straight year.

1. In which game did the football team score the most points?
2. Who is the only three sport letterman in the history of RHHS?
3. Who stopped the 22 game winning streak of the JV basketball team?
4. Who holds the school record for the mile run? (If you miss this one, tear up your issue)
5. Who shot at the wrong basket during the Greenwood game?
6. Who hit the first home run for the Bearcats this year?
7. Who had the lowest round for the Bearcat golf team this year?
8. What basketball game ended with the Bearcats winning 61-59 or 2-0?
9. Who scored the winning touchdown in Rock Hill's 20-13 win over Spartanburg?

Score 10 points for each correct answer.

Thinclads In State Meet

Six members of the Rock Hill High School track team qualified for the State Meet by placing in the Regionals held at Dorman High School on May 2. The State Meet was held at U.S.C. on May 9 and May 10.

Members of the team qualifying for the State included David Parker (mile run), Robert Toatley (high jump), Jerry Ford (mile run), David Christmas (high hurdles), Larry Stevenson (880), and Kenny Nies (shot put). The mile relay team consisting of Jon Crow, Chandler Cook, Dickie Ray, and Don Keever was disqualified for lane blocking. David Parker set the school record in the mile by running a 4:34.9, and Robert Toatley was only one inch off the record in the high jump.

The 'Cat thinclads traveled to Columbia on May 9 for the opening heats in qualification for the State finals to be held on May 11. David Parker, Robert Toatley, Jerry Ford, and David Christmas survived the heats and won places in the finals. The Bearcats were only able to muster one point in the meet; Parker placed fourth in the mile.

Lady Bearcats Complete Season

The first girls tennis team ever fielded at Rock Hill High School completed its season with a 4-5 record. This was an outstanding record for the first season in competition.

The team, coached by Miss Vaughan, defeated Lancaster and Kershaw twice each and lost to Sumter once, Dreher twice, and state champion Darlington twice.

Members of the team were Donna Dickson, Michelle Dupre, Jean Ringstaff, Gail Clarkson, Marcia Brandt, and Jane Ellen Comer — the only senior on the team.
